600		Essence of Fly Casting Mel Krieger has cracked the code in The Essence of Flycasting. Through detailed instructions and dozens of precise photographs and diagrams, he clearly dissects this arcane art into understandable and executable steps to take the raw beginner from piles of line on the ground to graceful loops in the air. And the seasoned veteran will advance from struggling with 30-foot casts to skillfully double-hauling vastly more line across the water.	Mel Krieger
700		Fish On! A Guide to Playing and Landing Big Fish on a Fly Many anglers successfully hook fish only to lose them after the hook pulls free or the line breaks. The fisherman's first concern is often placing the bait or fly where the fish are feeding, with little thought as to how to land a fish in the happy event that "the big one" is hooked. Fish On! outlines the general rules for playing fish, and investigates those variables, often overlooked, that have a direct impact upon your ability to play fish. Such variables include choice of equipment, the conditions under which you fish, and the particular species of fish you hope to catch. Although the book is directed at those who fish with a fly rod, spin fishermen and plug casters will find the same basic fish-playing principles apply.	Floyd Franke
800		Flies & Fly Fishing B.C. Interior Lakes Produced by the members of the Kalamalka Fly Fishers Society, this book contains 101 flies recommended by the members for use in the BC interior lakes. Each fly is shown with a colour photo and tying menu. The book contains a fly selection chart, based on member's local expertise, providing the good, better and best times to fish a particular fly. With 13 section based on the type of fly (chironomids, mayflies, leeches, etc.) it is easy to find the fly you are looking to tie for that successful day of fly fishing. Each of these sections contain a brief description of the flies and some hints for successfully fishing that type of fly.	Kalamalka Fly Fishers

Jim Kilburn

2000		Handcrafting a Graphite Fly Rod LA Garcia does a great job of taking you through the way he builds rods. Close up photographs are great, and the chapters are in sequence of building the rods. He has a great section on all the materials needed too. Garcia includes equipment made of materials at home along with more expensive store bought rigs. This book features 80 full-color step-by-step photographs and accompanying text for handcrafting your own quality fly rod.	L.A. Garcia
2100		History of Fly-Fishing in Fifty Flies <i>The History of Fly-Fishing in Fifty Flies</i> recounts the history of a sport that dates back 2,000 years, focusing on milestone flies from the first feathered hook to contemporary patterns using cutting-edge materials. Among the countless fly patterns created over the centuries, these 50 have been carefully chosen to represent the development not only of the flies themselves, but also of fly-fishing techniques—and of rods, lines, and reels. These iconic flies also chart the spread of this addictive sport from its modern origins on the chalk streams of southern England and the rivers of Scotland to the U.S., Europe, South America, Australia, and now to every country in the world. Filled with profiles of the key characters involved, tying tips, photographs and illustrations of the flies, and detailed explanations of the techniques used to fish them, <i>The History of Fly-Fishing in Fifty Flies</i> is a fascinating companion to the evolution of this fascinating sport.	Ian Whitlaw
2200		How to Catch Trout Between Hatches “Matching the Hatch” can be an effective way to catch trout- but trout feed on mature aquatic insects only about 10% of the time. This book is the only current guide to productive trout fishing during the other 90 percent of the year- in all seasons, day or night- when no hatches are occurring.	Jerry Meyer
2300		L. L. Bean Fly-Casting Handbook The L.L. Bean Fly-Casting Handbook is a compact and effective guide to better fly casting, whether you have never cast a fly or it is your twentieth year of fly fishing. This authoritative guide will benefit casters at all levels.	Macauley Lord

2400		Master the Cast The better you can cast, the more you'll enjoy fly-fishing. With good casting technique you can place the fly where you want it, effortlessly and with precision and grace, even when wind or obstructions conspire against you. In Master the Cast, George V. Roberts Jr., a lifelong fly-fisher and sought-after instructor, walks you through a course that breaks the complicated mechanics into a few simple components. Then, with the help of hundreds of photos and illustrations, he shows you how to master these in seven concise lessons. Master the Cast is an indispensable resource for all fly-fishers, beginner to advanced, that will have you casting flies with confidence, precision, and consistency after only a few hours' practice.	George V. Roberts
2500		Measure of the Year Roderick L. Haig-Brown welcomes us onto his lush farm for a year of insights and observations. In this eloquently written account, Haig-Brown, his wife Ann and their four children tour us through each season, and teach us the ways in which the Earth governs the events in our lives. Haig-Brown observes salmon, blue grouse, blacktail deer and robins, with a soft eye and gentle appreciation for their trials. He discerns how the weather interacts with the land, and how the land interacts with our attempts at civilization. Haig-Brown also discusses his work at a magistrate, and the challenges of marriage, amateur book collecting, the craft of the writer, and the meaning of community. A snap shot of rural BC in the 1950s, <i>Measure of the Year</i> is a country story, told by a man happy in his chosen way of life.	Roderick Haig-Brown
2600		Morris and Chan on Fly Fishing Trout Lakes <i>Morris & Chan on Fly Fishing Trout Lakes</i> is a very useful book for both the novice and experienced fly fishing enthusiast. Within the covers of this book, the authors offer helpful information on fishing techniques, productive flies, reading the water, casting knots, tackle, float tubes, and boats, entomology and safety. You'll find that Chapters 1 and 13 are aimed at beginners with appropriate information to help make their first-time fly-fishing a memorable experience. Everything in between continues to offer the amateur as well as the knowledgeable fly-fisher easy to read and easy to digest fishing techniques and helpful tips.	Brian Chan & Skip Morris
2700		Orvis Fly-Fishing Guide A best-selling, fully illustrated, and comprehensive book, this large-format volume has been required reading for every angler for the past two decades. Included here are instructions for tackle selection; casting and presentation; flies and their specific uses; successful techniques on stream, pond, or ocean; and the select tackle, flies, and methods for pursuing every major gamefish in fresh and salt water, from bass to bonefish, tarpon to trout.	Tom Rosenbauer

2800		Orvis Fly-tying Guide	Tom Rosenbauer	<p>This essential book on fly tying will teach anyone how to tie flies. All the important techniques are illustrated with color photographs, from starting the thread on the hook to whip finishing. The book lays the basic ground work by fully explaining simple tying techniques, and then progresses to detailed tying instructions for some of the most popular, modern patterns. How to choose and prepare the correct material, and all the necessary tying steps for each fly, are detailed in superb, large, color photographs. Even if you have no previous tying experience, you'll be able to tie dries, nymphs, streamers, saltwater offerings, and bass bugs after just a few sessions with this book. The tier is then advised how to progress to similar patterns using the same basic techniques. Also included is a huge reference of fly patterns--more than four hundred flies from the Orvis catalog are shown in full color, along with their tying recipes and proportions for each one. This book, calling on the Orvis Company's vast resources and teaching experience and written by an author whose name is synonymous with Orvis, is sure to become the bible for fly tyers of all skill levels.</p>
